Here are the edited versions.

Wyoming Ozone Interstate Transport Modeling Call

On November 22, 2016, Wyoming and four other states petitioned the D.C. Circuit for review of EPA's final Cross-State Air Pollution Rule (CSAPR) Update. Air Program management and staff and modelers from OAQPS (CSAPR Update modeling developers) held a call with Nancy Vehr (Wyoming's Air Director) and her staff on December 21, 2016. This call followed the state's December 19th adverse comments submitted on our proposed disapproval of the "interference with maintenance" prong for

Uintah and Ouray (U&O) Proposed FIP

Mike Koerber contacted Janet on January 3rd for an update on her conversation with her OMB contact. Janet has the U&O FIP on her list to talk about with OMB this week. Mike will follow up with Janet later in the week about what she heard from OMB. As a reminder, Monica contacted Aaron Szabo, the OMB contact for the Uinta Basin FIP on December 15th. Mr. Szabo said that his priority is to review final rule actions, but that the revised proposed U&O FIP the Air Program sent on December 9th was back in interagency review and there would likely be more comments resulting from that process.
